How to Navigate the Virtual EXPO Space

This guide will help you explore the immersive environment easily and comfortably

1. Accessing the Space

- Visit the provided link to enter the virtual EXPO space.
- You must enter a valid email address to proceed.
- Enter as 'Guest' only - no registration or login is required.
- Choose a name (your nametag) and click 'SET' to enter.

2. Navigation Controls

Use the following keyboard controls to move and interact:

- W - Move forward
- S - Move backward
- A - Move left
- D - Move right
- Mouse - Click and drag to look around
- Scroll Wheel - Zoom in and out
- Spacebar - Jump or fly upward (if enabled)
- Shift - Fly downward (if enabled)
- M - Mute/unmute your microphone (if voice is enabled)
- Click on objects to interact with videos, PDFs, or links
- R - Reset your position

3. Tips for Best Experience

- Use a desktop or laptop for the best performance.
- Make sure your internet connection is stable.
- No installation required - everything runs in your browser.

4. How to Exit the Virtual EXPO

- Click the X on your browser tab.
  - Or press Esc and close the browser window.
  - No logout required - your session ends automatically.
